

Call for Expressions of Interest	
<i>Date of Issue:</i>	September 2026
<i>Expected Completion Date:</i>	May 2027
<i>Project Title:</i>	Who Judges the Judges
<i>Company:</i>	UoN
Contact Details	
<i>Lead Contact:</i>	Joel Fischer
<i>Lead E-mail:</i>	Joel.Fischer@nottingham.ac.uk
<i>Additional Contact:</i>	Additional contact name
<i>E-mail:</i>	Additional contact e-mail
<i>Additional Contact:</i>	Additional contact name
<i>E-mail:</i>	Additional contact e-mail
<i>Additional Contact:</i>	Additional contact name
<i>E-mail:</i>	Additional contact e-mail
Additional Info	
<i>Students must sign NDA:</i>	☐
<i>Project uses personal data:</i>	☐
<i>Custom hardware required:</i>	☐ If Applicable: Please provide details

Project Background Information	
Evaluating LLMs is a critical requirement for AI assurance, the process through which organisations can inform their decisions on which models are safe, ethical, and appropriate for their needs. However, while LLM-as-a-judge approaches are popular due to their relatively robust scalability, they lack the transparency to be scrutinised and explain their results. This project will evaluate and test LLM-as-judge approaches and develop an explainability interface that helps users to interrogate and interpret the results for better decision-making. Practically, in this project you will build an LLM testing pipeline that implements different benchmark-based LLM-as-judge approaches and user interfaces that explain the results of the judges.	

¹ An overview of different research areas in the school of computer science can be found [here](#).

Requirements	
<i>The group must provide:</i> • An LLM Testing pipeline • User interfaces for presenting results	
Skills	
<i>Highly desirable:</i> Understanding of LLM technology Interest in AI explainability	<i>Desirable:</i> User interface design skills
Submission / Award information	
<i>Date of Submission:</i>	September 2026
<i>Date of Pitch:</i>	October 2026
<i>Notification of award:</i>	October 2026

For further information on this proposal, the team representative should in the first instance e-mail the lead contact stated above at the e-mail address provided.
